

Variable height: 160–225 cm

About this template file

- Bleed 5 mm - extend graphics, color plates or background pictures over the black guideline.
- Add trim marks.
- Due to a telescopic pole it is possible to vary the height.
- Twenty centimeters at the bottom will be hidden inside the casing. Marked as "none visible area".
- Save your artwork as a print-ready PDF.

For best result

- Use Adobe Illustrator or Adobe InDesign
- Picture resolution should not be lower than 150 dpi (at 100% scale), preferably 300 dpi.
- Convert text to outlines.
- Use vectorized logotypes in Pantone colours if available.
